PROTECTING OUR PLANET

Environmental pollution is one of the most serious problems facing the world today. It affects the air we breathe, the water we drink, and the land we live on. To protect our planet, every individual needs to take responsibility for their daily actions.

First, reducing waste is a great way to help the environment. Instead of throwing everything away, we should practice the "3Rs": Reduce, Reuse and Recycle. For example, using reusable bags instead of plastic ones can significantly decrease **contamination**. This dirty state of the environment harms many wild animals and their habitats. By making small changes in our shopping habits, we can contribute to a cleaner world.

Second, saving energy is also essential. Many people leave lights and electronic devices on when they are not using them. **They** should turn off these appliances to save electricity and reduce the amount of carbon dioxide released into the atmosphere. This not only helps the Earth but also reduces your monthly bills.

Finally, planting more trees is a simple but effective solution. Trees provide us with oxygen and help cool down the Earth's temperature. If we all join hands to protect the environment today, we can ensure a green and healthy future for the next generations.

Question 28: *What is the passage mainly about?*

A. The benefits of using plastic bags for shopping

B. The effects of environmental pollution

C. How to save money on monthly electricity bills

D. Different ways to protect the environment

Question 29: *The word **"contamination"** in paragraph 2 is CLOSEST in meaning to _____.*

Question 30: *According to the passage, what is the "3Rs"?*

A. Recycle, Replace and Remove **B.** Reuse, Remove and Reduce

C. Reduce, Replace and Recycle **D.** Reduce, Reuse and Recycle

Question 31: *The word **"They"** in paragraph 3 refers to _____.*

A. Electronic devices **B.** Monthly bills **C.** Lights **D.** Many people

Question 32: *According to the passage, which of the following is NOT true?*

A. Turning off lights when not in use helps reduce carbon dioxide.

B. Only large organizations, not individuals, can protect the planet.

C. Using reusable bags is better for the environment than using plastic ones.

D. Planting trees can help provide oxygen and cool the Earth.
